

## Thanet Fairtrade

WEDG is working closely with the above group in their bid to achieve Fairtrade Isle status from the Fairtrade Foundation. Much preparation work is needed in raising awareness amongst local people, community groups and schools.

### **World Food Day**

Thanet Fairtrade Initiative organised a major event at *Margate Winter Gardens* in October to highlight both local produce from East Kent and Fairtrade on World Food Day.

WEDG worked with the Quartet group of schools in Margate to provide workshops with Year 7 pupils.

Displays, activities and cookery demonstrations illustrated how local produce and Fairtrade can contribute to a healthy and more sustainable lifestyle for individuals and communities both locally and further a field in developing countries
